FOUNDER

Foreword

The idea of this catalog is to introduce you to The Hargrave Military Academy; to show you by word and picture what the school is doing for the boys under its care.

Hargrave Military Academy is a member of the Southern Association of Schools and Colleges, which is the highest standardizing agency for approved Southern schools. As such Hargrave graduates are admitted to all colleges and universities on certificate without examinations and on the same basis as graduates from other preparatory schools of the first rank.

Has it ever occurred to you that the smaller schools of the country are doing the most acceptable and successful work with the boy? This is absolutely true. Why is it true? Listen. The boy at the preparatory school age, as at no other period in his life, needs individual attention, an interest that touches his very heart and helps *find himself*. This is possible only in the smaller schools. Have you ever noticed, also, that the smaller schools are always the *high-priced* schools? The cause of this is obvious.

Hargrave Military Academy offers all the advantages of the smaller schools, *every one of them,* but this School offers these advantages at a lower cost than any similar school in the South. "To get the best at a reasonable cost"—this should interest every one who contemplates patronizing a boys' school. Why are the Hargrave terms so low? The illustrated catalog will tell you all about it.

The Academy offers every modern convenience in buildings and equipment. In scholarship, health and deportment the past record of this school has been remarkable. The "Education Commission" has said: "The Chatham Boys' School is the wonder of all our schools." Please read this catalog carefully and write for any further information that may be desired.

AUBREY HEYDEN CAMDEN, *President.*

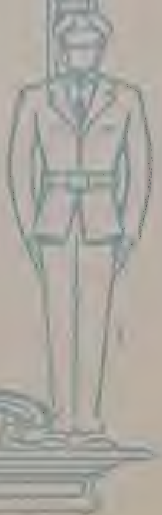
Summer Session Opens	Monday, June 14, 1937
Summer Session Closes	Saturday, August 7, 1937
Matriculation Day	Tuesday, September 14, 1937
Fall Term Examinations	December 17-21, 1937
Christmas Holiday	Tuesday, Dec. 21 (12 M.) to Jan. 4, 1938
Mid-term Examinations	March 30-April 2, 1938
Commencement Sermon	Sunday, May 29, 1938
Final Examinations	May 28-June 1, 1938
Class Exercises	Thursday, June 2, 1938
Finals	Friday, June 3, 1938



Special Points

Hargrave Military Academy is located at Chatham, a picturesque old Virginia town in the foothills of the Blue Ridge Mountains, on the main line of the Southern Railway and United States Highway 29, twenty miles north of Danville, Virginia, and fifty miles south of Lynchburg. Situated in the rolling Piedmont country at an altitude of eight hundred feet, Chatham possesses a healthful environment without extremes of temperature. The school occupies a hill overlooking the town and surrounding countryside.

Hargrave Military Academy stands for making the four point square man, by developing his physique, expanding his mind, promoting a high standard of morals, and cultivating his soul. Her students are trained to become worth while citizens and to interest themselves in all things pertaining to their community needs. Thus with the development of characteristics of Christian leadership each is inspired to bring honor on himself and his parents.

Hargrave Military Academy is recommended by her splendid patronage and former students who are most generous in their praise. Such loyalty must be the result of the advantages they have enjoyed here and wish to see passed on to others.

Hargrave Military Academy affords ample accommodation for the varied activities of the modern school. Its beautiful hillside campus has a well-kept golf course and an outdoor swimming pool. The school estate of sixty acres consists of drill grounds, athletic field, and tennis courts.

Hargrave Military Academy gives careful, personal attention to every student entrusted to its care. The resident physician and nurse direct their efforts primarily toward keeping the students well. The faculty live in the dormitories and are always glad to help the boys with their problems.

Hargrave Military Academy is well known in the preparatory school world. Its athletic field, tennis courts, well-equipped gymnasiums, (one for Junior boys) and swimming pool provide exercise and amusements for all students. An experienced coach is in charge of the athletic program. Stress is being laid on intramural athletics, because we feel that every boy should have an opportunity to participate.

The supreme aim and spirit of Hargrave Military Academy perhaps cannot be better expressed than by the principle of its life-long and best friend, J. H. Hargrave, Sr., found in his life sketch in "Makers of American History," which reads: "Mr. Hargrave believes that Christian Education of the youth with double emphasis on the *Christian,* will prove largely a solution of our troubles and will contribute to the permanence of our institutions."

Hargrave Military Academy welcomes prospective students and parents at all times and invites them to give careful investigation to the advantages offered here.

Hargrave Military Academy

History

Chatham has long since been a center of religious and educational activity. It maintains one of the best County High Schools in the State and is the site of Chatham Hall, a finishing school for girls—institutions old in history and famous in the annals of education. Hargrave Military Academy, the youngest seat of learning in Chatham, was not organized until 1909, at which time it was chartered under the name of Chatham Training School.

In the summer of 1909 equipment was purchased from Mr. C. R. Warren, who had been conducting a private school for boys, in a building rented from a Chatham resident. On September 14th Chatham Training School opened its doors to students. Mr. C. R. Warren was employed as Headmaster.

The first building of the Plant was erected on a hill overlooking Chatham during the summer of 1910. The site was the gift of Messrs. J. H. Hargrave, Sr. and Jr.

Dr. T. Ryland Sanford, first President of the Board of Trustees, became President of Chatham Training School in 1911. Mr. J. H. Hargrave, Jr., succeeded him as President of the Board.

By 1913 the school had again outgrown its equipment. Accordingly a canvass of the churches of the Roanoke Association was made in order to obtain funds for a new building. Hargrave Hall was erected during the summer of that year.

A second enlargement was necessary in 1915. Founders' Hall is a memorial to Dr. T. Ryland Sanford and the Hargraves, the founders of the school.

In 1917 Chatham Training School purchased and graded the Athletic Field.

The Military Department was added in 1918. The following year the War Department detailed an Army Officer as Professor of Military Science and Tactics.

Col. A. H. Camden succeeded Dr. Sanford to the Presidency in 1918.

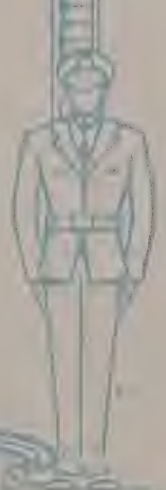
The residence of Dr. T. Ryland Sanford was purchased by the school in 1920. Desirably located, being very near the dormitories, it is an excellent home for the President.

The next enlargement of Hargrave Military Academy was completed for the 1921-22 session. Timely, commodious, handsome, Sanford Hall is a fitting tribute to the services of the first President of the Board of Trustees, who was also first President of the Institution.

The latest enlargement is a separate fireproof unit, constructed in 1929. This unit is known as the Junior Building and contains dormitory space for fifty boys, apartments for Masters, class rooms, and gymnasium. It is a complete unit in itself and is used only for boys from 8-13 years of age.

At the semi-annual meeting of the Board of Trustees, February 3, 1925, the name of Chatham Training School was changed to Hargrave Military Academy, in honor of Messrs. J. H. Hargrave, Sr. and Jr., venerable patrons of the school.

The institution began its career in a cottage; it is now conducted in a plant valued at $250,000.00. In twenty years the enrollment has grown from less than forty to more than two hundred. Hargrave Military Academy enjoys a popularity as phenomenal as has been its growth, and a reputation for sound training as enviable as its instruction is beneficial to youth.



Purpose

Hargrave Military Academy was established with the idea of putting in reach of boys the best possible advantages to secure the proper preparatory school education. This is now our aim. We wish to give training at the least possible cost. Those who control the affairs of the institution have no desire to make money out of it. There is not one dollar in the school placed there as an investment, save in the education of boys. The trustees employ the teachers, and they are determined to have competent and sympathetic instructors. We feel that we have been exceedingly fortunate in the selection of the faculty for this session. Every instructor is a college graduate and vitally interested in the training of boys and young men. We promise that the boys who are entrusted to our care shall have the very best advantages which a preparatory school can furnish.

SWIMMING POOL

The school is planned as an educational training station, in which is it possible for boys of good natural qualifications to grow up normally and healthfully into young manhood, so equipped in the essentials of efficiency, manliness, good citizenship, and a sane knowledge of the relative values in life as to be a credit to themselves and of service to their country.

While the book subjects ordinarily composing the curricula of most schools will be given their proper place in ours, they will by no means monopolize attention. Believing that the preparatory age is more important than the college age in the essential preparation for life, we shall try to restore the normal old-time balance and keep boys in touch with actual living and its duties at the most impressionable and responsive period of their lives.

Location

Hargrave Military Academy is located in the beautiful, growing town of Chatham, Virginia. Chatham has a population of about fifteen hundred people and is the County Seat of Pittsylvania County, the largest county in Virginia. We are fortunate indeed in the location of the school in the very midst of an intelligent and cultured people who hold the school and students in high regard. Being situated on the main line of the Southern railway and U. S. Highway No. 29 from Washington to the south, we enjoy the very best mail and transportation facilities. The health of the community is unsurpassed, and altogether we feel that the school's home is ideal in every way. There are five churches in the town, all of which are open to the students every Sunday. Students are required to attend church with regularity.

SECTION OF DINING ROOM

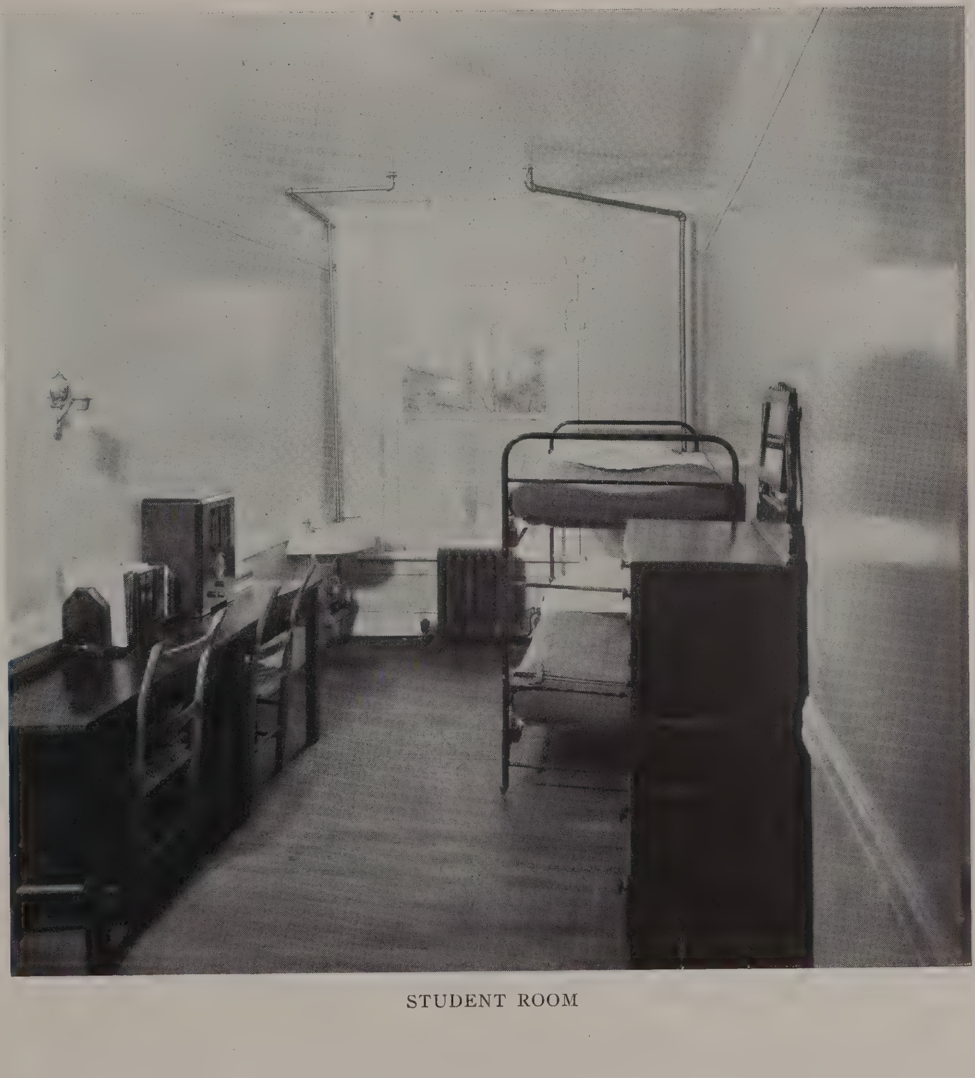
Health

In selecting a school for their sons, parents always think of the location, climate, etc. They want the health of their sons to be carefully safeguarded. This is a matter of great importance to the school as well. Chatham has an excellent health record. The climate is temperate, winters are only moderately cold, and there are not many days in which a boy cannot take some form of out-door exercise.

It would be difficult to find a school with a better health record. This record is due largely to our climate, pure air and water, excellent sanitary provisions, regular habits, wholesome diet, and the careful oversight of the cadets. Cadets are urged to report immediately any indisposition to the school nurse or physician.

The medical fee insures adequate nursing in minor sicknesses, usual remedies and medicines, and physician's services. In case of extreme illness, when trained nurses are needed, or expensive antitoxins are necessary, the patrons or guardians bear the expense. These are exceptions and rarely occur.

In case of serious illness parents will be notified immediately.



STUDENT ROOM

A Safe Place for the Boy

In thinking of a school for their boys parents most frequently ask: "Is it a safe place for my boy?" It is the first aim of the Hargrave Military Academy to train the boys intrusted to its keeping in character and life. Christian education is ever uppermost in our minds. We are deeply interested in the education of the heart as well as the mind. Every professor is a Christian gentleman who takes time and pains to instruct the boys under his care in the way of right and honorable living. The people of Chatham are a Christian people and all of them are interested in the welfare of the school boys. At the school we ever have a large number of students well trained in all Christian virtues who are willing and anxious to help the newcomer. There are no questionable places of amusement, no city temptations to which the boys may be subjected. The moral tone of the school and the town is high and honorable. Students coming here will enter an atmosphere well calculated to make their lives better and their purposes in life more firmly fixed in the way of right and truth.

STUDY HALL

To Parents

It is the aim of this school to train boys in mind, morals and manners. Discipline, sometimes strict, is ever necessary in the management of every successful school. Parents may not understand, in every case, why their sons cannot do this, or why they must do that. The President and Faculty are giving their time, experience, and work in seeking to do what is best for boys under their charge. We know the depth and purity of a parent's love and anxiety. This fact is ever considered in all that is done, and we earnestly ask the co-operation of all parents in seeking to make the school life of their sons profitable in every possible way. We are doing all in our power to train and prepare boys for the duties and responsibilities of life, whether they enter college or enter their life's work in leaving here; to cultivate their minds, their hearts and their health; and to build up in each one an earnest, well-rounded Christian character. Parents cannot give their sons permission to do what is prohibited, nor to omit what the rules require. In sending their sons here parents agree to accept the discipline of the school as it may be applied.

Admission

An applicant for High School work should be at least 12 years of age. The age limit, however, will be sufficiently elastic to meet such exceptional cases as may be approved by the President.

Higher grade candidates must show by examination or certificate from former teacher that the equivalent of work of the lower forms has been completed. Applicants are warned against seeking admission to forms beyond their attainments.

Every applicant must submit a testimonial of sound character, courteous behavior, and work covered from the authorities of the last school attended.

When to Enter

Many parents make a great mistake in waiting too long to put their boys in a good school. The boy who usually makes the most progress and to whom the school means the most, is the boy who enters early in life. Parents should look carefully into the record of the school and know of the school's ability to train the boy in the proper way, and then unhesitatingly place the boy under the care of the school early in life. Last session we had students as young as eight years in the Junior Department.

Credits for Previous Work

Students coming from other schools should send a statement of work from the Principals of the schools they last attended. This certificate, which should be sent as soon as possible after filing application for entrance, will exempt new pupils from entrance examinations, and is necessary to insure proper classification.

What to Bring

Cadets are recommended to bring the following articles:

1 Pillow.
2 Pillow Cases.
4 Sheets.
3 Blankets or Comfort (for single bed).
12 Towels.

LABORATORY

COMMERCIAL DEPARTMENT

2 Laundry Bags.
A Bible.
Bathrobe.
Pajamas.
Ample Underclothing and Socks.
Needle and Thread.
Comb and Brush.
Tooth Brush.

and other toilet articles a gentleman is in the habit of using daily. A uniform school blanket khaki color is required of every new cadet and is furnished by the school at cost.

How Long to Remain

Parents should enroll their boys with the intention of keeping them in school until the *Course of Study* is completed. Sometimes this will mean a great sacrifice on the part of the parent, but it will be of the greatest possible benefit to the boy. In every instance the student should arrange his course with the idea of *Graduation* in view and parents should co-operate with the school in having this done.

Four or five, and even six years, in a good Preparatory School will mean more to a boy than a similar period of time could possibly mean to him anywhere else.

Assignment of Rooms

Rooms are assigned as students matriculate. Great care is exercised in the selection of roommates. The President reserves the right to use his judgment in changing students rooms and roommates whenever he thinks best.

Holidays

The school has always been opposed to unauthorized or extensive leaves of absence and we urgently request our patrons not to infringe upon this rule. An appropriate program is planned each year for Thanksgiving. Consequently, no leaves of absence will be granted at this time. A Thanksgiving holiday is not only an additional financial burden on patrons living at a distance, but it also greatly interferes with a cadet's success in his fall term examinations, which begin December 16. The Principal feels that he is held responsible for the progress and advancement of the boys entrusted to his care, and fully realizes the distraction of a few days' vacation, which means not only absence from duties but a general cessation of all military and academic regulations. Furthermore, we have approximately one hundred and seventy-five boys to deal with, and what is granted to one should be granted to all, as we endeavor to treat all alike. Matters are frequently made very difficult for us when patrons insist upon our granting a special furlough in their case, and, therefore, we would advise their writing to the Dean before giving their permission to their sons for any leave of absence.

Leave of Absence

If at any time it is absolutely necessary for a pupil to visit either home people or friends, we request and demand that they present a written permission from parent or guardian.

In case a pupil for any reason, misses as many as three recitations in any class during a month, he will be required to pass a special test.

We earnestly request patrons not to ask that their sons be allowed to absent themselves from school on any school day. One day loss frequently retards the progress of the student. Then, too, it is unfair to the other students who want to make all the progress possible in their work. We have had trouble in this respect in the past, and we now ask the co-operation of the patrons in our effort to make the session's work mean the most to the student.

Under ordinary circumstances no student will be allowed to leave the school more than one week-end each month. Experience has taught that frequent visits home retard the progress of the students.

CLASS ROOM

Government

The Standard of the School

The standard of the school is high and rigidly maintained. Its aim is to combine in the education of its students every personal refinement, the noblest intellectual influences and the highest educational advantages. Physical, mental, and moral training are so combined as to produce a harmonious development of the entire nature, and such refinement and strength of manner as are required from cultivated surroundings.

A daily record will be kept of each student as to class standing and conduct.

Discipline

The government of the school is in the hands of the President and his assistants. Very much is left to the student's honor. This school, however, is not a reformatory. The student will be treated as a gentleman at all times, and if he is unwilling to live up to this standard he cannot remain in this institution. The discipline will be parental and home-like. The President and instructors mingle with the students in a spirit of helpful friendship, believing that the characters of the young are developed through the influence of well-chosen companionship. Intimate acquaintance with every student will be cultivated in order to meet, as far as possible, the peculiarities and needs of each.

Preparation of Lessons

It is more important how a pupil studies than what he studies. Many come to us not only poorly prepared, but also with little knowledge of how to study or apply their time to advantage. Most pupils, too, find difficulty with at least one subject. Whether the difficulty arises from lack of natural aptitude, poor preparation, bad memory, laziness or ignorance of how to study, the case almost always requires special treatment. These hindrances to progress are overcome by preparing lessons under the direction of a teacher in the study periods during the day, in the study hall at night, and by special coaching.

From 8:30 A. M. to 3:00 P. M. a definite room for study is assigned each pupil. All teachers have one or more periods without class instructions, and they give assistance to those who need it at these vacant periods.

At night there is a regular study period which pupils may spend in their rooms if scholarship and habits of study are satisfactory; otherwise, lessons are prepared in the Study Hall under the supervision of a teacher.

No one is permitted to stay here in idleness. Each must do a reasonable amount of work.

Student Council

During the session 1917-18, the Student Body inaugurated the Honor System, and elected a Students' Council, composed of four Seniors, three Juniors, two Sophomores, and one Freshman. This Council, in case of suspected dishonesty in class work, investigates, advises; and in repeated cases, confers with the faculty, who again investigates and deals with it according to the merits of the case. The purpose of this Council is to instill into the youth the value of truth and honesty and cause them to abhor that which is low and debasing.

Afternoon School

Students who fail to show preparation for their daily class work, or who are guilty of any disorder in the class room or Study Hall, will attend the Afternoon School, which meets from 4 to 5 in the afternoon.

Smoking

We are distinctly against the use of tobacco—in any form—and we consider it harmful, especially to growing boys. The authorities of the school are convinced that no boy that uses tobacco to an excess can do good work in his classes. The President does not use tobacco in any form, thereby setting a better example to his pupils in this respect, at least, than many a father does to his own son.

Experience has taught us that the most stringent regulations absolutely forbidding its use, not only does not stop it, but also cannot be enforced. Such regulations have a tendency to make the student deceptive and encourages him to lie when questioned about it. Some parents have tried in vain to stop their sons from smoking, and yet expect school authorities to correct a habit that they have allowed to develop. All that we can hope to do is to make our regulations so strong that no one will acquire the habit while here.

No boy under fifteen years of age will be allowed to smoke under any circumstances. With the approval of their parents, older boys are permitted to smoke under restrictions.

Hazing

This is a custom too vicious for civilized people to condone. The maltreatment of new students, so common at most schools, finds no place here. "Playing Tricks" and hazing are not allowed. No one coming here need fear, no matter what grade or course he may enter, since the entire student body pledged themselves never to engage in any form of hazing while students in the Hargrave Military Academy.

Hazing Pledge

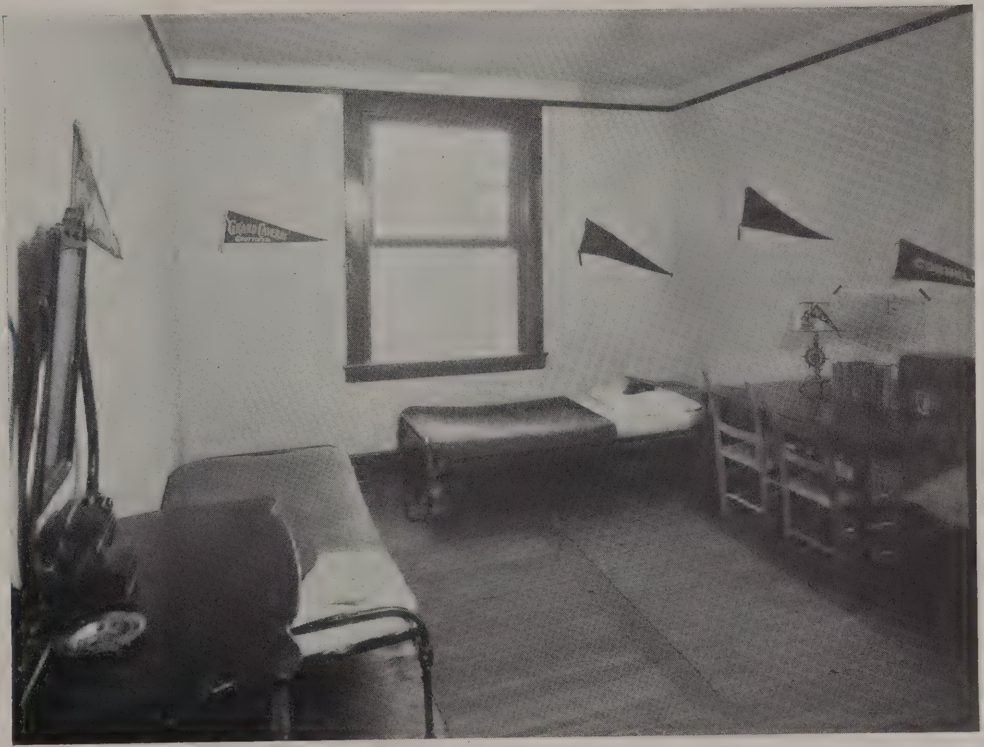
I pledge my sacred word of honor not to indulge in any form of hazing as long as I am a cadet at H. M. A. This includes both physical and mental hazing.

Name in Full..

Buildings and Grounds

Main Building

The main building, erected in the summer of 1910, is modern in every particular. The basement contains the dining hall, kitchen and pantries, bath and toilet rooms. The offices and class rooms are on the first floor. The third and fourth floors contain rooms for students. The rooms are large and airy. Each room is fitted with single beds, bureau, washstand, table and chairs. There are two closets in each room, each boy having his own closet.



STUDENTS' QUARTERS

Hargrave Hall

This building was erected in the summer of 1913. The basement contains chemical and physical laboratories. The first floor contains offices and classrooms. The remaining two floors are used for students' rooms. These rooms are furnished with single beds, two beds in a room; wardrobes are built in the walls and students occupying these rooms have every convenience to be found in preparatory schools.

Founders' Hall

This building was erected in 1915, making the third brick building erected within seven years. The main floor accommodates a standard library and a study hall, both of which are equipped with indirect lighting systems. The basement contains the rifle range, military supply store, and the boxing gymnasium. The remaining floors are used as dormitories. These have been recently renovated, and individual lavatories have been installed in each room.

Sanford Hall

Sanford Hall was indeed a timely and handsome enlargement. This modern and convenient brick structure provided a standard gymnasium, locker rooms, and shower baths on the basement floor. Coach F. M. Dobson, University of Maryland, said in speaking about these improvements: "Your gymnasium with its excellent playing space and facilities for athletic training is the very best I have seen at any Secondary School." On the next floor we have a spacious gallery over-looking the basketball court. The main floor contains a spacious auditorium with a seating capacity of 400, class rooms, and Commercial Department. The two remaining floors contain dormitories for fifty students, all of which were filled when school opened last fall. There are many other features too numerous to mention, all of which greatly improve our accommodations. This enlargement has added as much floor space as is contained in the other three buildings combined. Our entire plant is first-class in every respect.

SECTION OF THE GYMNASIUM

Dormitories

The buildings are all modern, having been remodeled within the past few years, and offer pleasant homes for the faculty and student body. The second and third floors of each building are used for dormitories. A professor is located in a central place on each floor. Bed rooms accommodate two students, and the school furnishes each room with bed, mattress, chiffonier, table, and chairs. All bed rooms are easily accessible to fire escapes. Toilets, Showers, and Lavatories are provided on each Dormitory hall.

Class Rooms

All class rooms are on the main floor. They have been built after the most approved plans, and are models of convenience, well lighted, and well arranged.

Library

In the Library are kept the leading newspapers and magazines, and the students are encouraged to spend a short while each day in reading. The room is well supplied with the best papers and periodicals. The Library is supervised by a trained Librarian. Its equipment and management meet the standards of the Southern Association of Schools and Colleges.

Infirmary

One entire floor has been constructed and equipped for an infirmary. Competent physicians have pronounced it adequate in every sense for the school's need. In this secluded apartment will be found, in addition to the general ward, a private room for contagious cases, apartment for Nurse, consulting room for the Physician, and diet kitchen. It is supplied with every convenience to care for the sick.

The Campus

The campus contains sixty acres, just within the corporate limits of the town. The ground is high and rolling, giving us a perfect draining system. Just in front of the school property is the main street of Chatham and from the school building you can see most of the town. The scenery from the school hill is beautiful and pleasing.

History of the Senior Class

The history of mankind is an interesting story. Its pages reflect in general the dreams, ambitions, struggles, failures, and achievements of classes of people, races, continents, eras. Ours, though far more limited in scope, is no less vital in its application. The four years that lie immediately behind us may be traversed in a brief moment of reflection. A word or two about significant determinations and events, and the historian has concluded his task. Yet, I am hopeful that the simple and unadorned facts which I have set down may impart a small measure of the dauntless spirit underlying them.

Those of us who responded to the roll call in the fall of 1933 were not a particularly distinctive Freshman class. Our members were assembled from the four corners of the Western world, but all of us callow, unfledged youths, fresh from primary schools, our chief asset a capacity for work and play, and a willingness to be guided by our superiors. It is not surprising, therefore, that many of our early concepts were discarded as unavailing, our puerile theories reformed altogether, and our youthful impulsiveness slowly tempered by logic and judgment. Thus the potential graduates of 1937 quietly launched its first campaign.

When the year 1934 found our ranks depleted, there were volunteers available for the vacancies. We had unobtrusively entered into the important activities of school life, eagerly contributed our small talents in the general cause, and now offices of minor importance came to us. Our representatives were indispensable in sports, in the military organization, and in the varied interests which comprise school life. But it was not until the following year, our numbers further augmented by late enrollees, that positions of outstanding responsibility devolved upon us. These were conscientiously discharged. However, we did not neglect that most important consideration of all student endeavor, scholarship, and in this respect we achieved a record of which we are proud.

Thus, in due time, we became Seniors with the full responsibility of leadership on the campus. We boast of no accomplishment of historical note, except that we represent the largest graduating class ever to graduate from this institution. In the administration of our affairs, we have learned much. Wise direction and careful application have broadened our visions, deepened our sensibilities and intensified our ambitions. These years of hard work and spirited play have been utilized not so much in establishing records beyond our ken, but rather in studied preparation for the ultimate fulfilment of specific obligations to society and for the ever increasing responsibility of patriotic citizenship.

And so, deeply appreciative of the genial and careful guidance of a learned faculty, we as soldiers, sportsmen, and scholarly gentlemen feel duly qualified to shoulder arms and to carry on.

MESS CALL

Academic

Academic Department

Method of Instructions

The principle of thoroughness is kept ever in mind. No sacrifice of this is made in the attempt to accomplish a prescribed amount of work.

At the close of recitation periods, helpful explanation of assignments for the next day is made.

The Instructors are always glad to give individual assistance at vacant periods.

The number in our classes are seldom as many as twenty. When a class reaches this number it is divided into sections, thus enabling the students to get more individual attention from the teacher.

Frequent written tests are held to enable the instructors to keep more closely in touch with each member of his class and to help those who need it.

Parents are urged not to cause their sons to miss a single recitation, for it makes a weak place in the chain that can never be strengthened. The idea of work being made up is preposterous. A boy may obtain knowledge enough to pass on certain work that he has missed in class, but his education is weakened just in proportion to his absence from class.

Every student is expected to have four forty-minute recitation periods each day, and no one is allowed to have fewer than three, or more than five.

English is required through all the forms, and mathematics is required through the third form. Other classes may be selected, subject to the approval of the President, from other subjects in the form.

All classes should be in the same form. For purposes of review this may not be required in the higher forms.

Courses of Study

The curriculum at Hargrave Military Academy is based on the standard college entrance requirements as maintained at the best colleges and universities. The Academy is accredited by the Virginia State Board of Public Education and is a fully accredited member of the Southern Association of Colleges and Secondary Schools. Its graduates are therefore admitted on certificate and without examination to standard colleges and universities belonging to the Associations. Parents are advised, however, that a boy's course at the Academy ought to be planned in advance with reference to the particular college or profession that he will enter.

Credit for work done will be given on certificates from other accredited preparatory schools, although each case will be treated solely on its merits. A cadet who may come to us for the senior year's work or for a year of post-graduate preparatory school work before he enters college regardless of the number of units he may present, will not be granted one of our diplomas until he has satisfied our diploma requirements and completed four major units (one of which must be sec-

ond, third or fourth year English) under our own instructors. This necessitates at least one full school year's attendance at Hargrave Military Academy.

A "unit" is a prescribed subject studied successfully for thirty-six weeks, five days a week, forty-five minutes per day. Each instructor gives his closest attention to the individuals in his class, and groups are made small enough to be handled to the best advantage. Cadets may not drop out of classes without written permission from the headmaster and each cadet is required to carry at least three major subjects. Four major subjects is the regular work of the average cadet. If a cadet wishes to take five major subjects he must have written permission from the headmaster to do so.

Our passing grade is 75 per cent. For college certification a grade of 80 per cent in every subject is required.

Complying with the ruling of the Virginia State Board of Education we will give credit for the following units of work completed in an accredited summer school:

One unit of new work and one unit of repeated work, or two units of repeated work.

Freshman Year

Latin—Smith and Thompson's First Year Latin (1 unit).
Community Civics—To be supplied.
English—Ward's Junior Highway to English; Mastery Grammar Guide (1 unit).
Mathematics—Strayer and Upton's Junior Mathematics, Book II (1 unit).
General Science—Caldwell and Eikenberry (1 unit).
French—Smith & Roberts' Language, Literature and Life, Book I (1 unit).
History—Webster's History of Mankind.
Manual Training—Instructional Units in Hand Work, by Brown and Tustision (1 unit).

Sophomore Year

Latin—Second Year Latin by Scudder.
English—Kirby & Carpenter's Pupil Activity Series; M. O. S. Practice Book for Grammar Fundamentals; Literature and Life, Book II, by Miles, Pooley & Greenlaw (1 unit).
Mathematics—Wells & Hart Modern High School Algebra Revised (1 unit).
History—West's Ancient History (1 unit).
French—Smith & Roberts' Language, Literature and Life, Book II (1 unit).
Science—Smallwood, Revely, Bailey, New General Biology (1 unit).
Social Science—Better Citizenship, by Lewis.

Junior Year

Latin—Bennett's Latin Grammar.
English—Ward's Sentence and Theme, M. O. S. Practice Book for Grammar Fundamentals; Literature and Life, Book III, by Miles, Pooley and Greenlaw (1 unit).

Spanish—Friedman, Argona, Cavajal, Language, Literature and Life, Book I (1 unit).

Mathematics—Wells & Hart Plane Geometry (1 unit).

History—West's Modern Progress (1 unit).

Commercial Law—Peters & Pomeray Commercial Law (1 unit).

Chemistry—First Principles of Chemistry by Brownlee, Fuller, Hancock, Sonon & Whisit. Laboratory Work (1 unit).

Mechanical Drawing—Mechanical Drawing Problems, by Faber; Mechanical Drawing, by French & Svenson (1 unit).

Senior Year

Latin—Carlisle & Richardson's Fourth Year Latin (1 unit).

English—Ward's Sentence and Theme (Review) M. O. S. Practice Book for Grammar Fundamentals; Literature and Life, Book IV, by Miles, Pooley & Greenlaw. Parallel reading and class study includes classics required by the College Entrance Board in English Literature (1 unit).

Mathematics—Hart and Feldman's Solid Geometry (½ unit), Murray's Plane Trigonometry (½ unit).

History—Latane's History of Our People (1 unit).

Spanish—Friedman, Argona, Cavajal, Language, Literature and Life, Book II (1 unit).

Physics—Millikan & Gale. Notebook and Laboratory work (1 unit).

Bible—"New Testament Studies," by Robertson; "Doctrines of Our Faith," by Dargen; "Normal Manual," "Old Testament Studies," by Burroughs (1 unit).

Stenography—Greggs' Shorthand (½ unit).

Typewriting—Touch System (½ unit).

Bookkeeping—20th Century (1 unit).

The Bible and Sunday School Pedagogy

The Bible Course will cover one year. The student will study in the Sunday School department "The Normal Manual for Sunday School Workers," and will follow the Course of Study prescribed by the Sunday School Board. We consider this a matter of the greatest importance and great care will be exercised in the conduct of this feature of training.

Commercial Department

Our Commercial Department has been added to accommodate an ever-increasing demand for this course. An efficient instructor has been engaged and adequate equipment provided. This department is a business community—securing definite and lasting results in young men—training them in keen thinking and strict business methods.

Spelling

No department of the school receives more careful attention than this highly important subject. Daily recitation is required in all the Forms. Spelling books, with definitions, are used in all Forms and the definitions required. Composition work throughout the entire course is strictly graded as to spelling. Spelling is required for graduation.

Promotion

When a student has completed all the assigned work in any Form, he will be given a certificate, promoting him to the next higher Form. In the Form IV this becomes a certificate of graduation. An average of at least 75% on class work and examinations is required for promotion.

At an extra charge of $1.00 each, a Senior is allowed a special on as many as two examinations during the session.

Examinations

Examinations are given at the end of each term, and the grades made on these are averaged with the monthly grades to get the session standing, provided no examination grade is below "E."

Tests are given each month, from which, with the daily recitation grades, the monthly grades are made up.

Reports

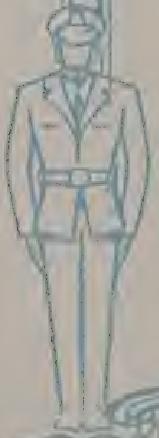
Reports, giving the grade in each class and the deportment of the students, are sent to patrons at the end of each school month. Patrons are urged to note these carefully and *when unsatisfactory* to communicate with the President.

Diploma Requirements for College Preparatory Course

The requirements for graduation in the college preparatory course are listed below.

We require for graduation in the college preparatory course sixteen standard college entrance units, plus a unit each in Bible History and Military Science and Tactics. The required units are:

English (at least one year at H. M. A.)	4 units
History (one of these units must be American History and Government)	2 units



Juniors

NON-COMMISSIONED OFFICERS, JUNIOR DEPARTMENT

Junior Department

For many years the Board of Trustees and President have been impressed with the increasing demands for a school which provides equipment, curricula, and general facilities, and would seek to train, discipline, and teach boys between the ages of 9 and 14.

In 1925 such a department was organized and since that time has functioned far beyond the fondest expectation of its most ardent supporters. The marvelous success obtained in this field has emphasized the fact that our impressions were real and vital problems.

BUILDING

In April, 1929, a fire-proof building was designed purposely for this department. A picture of the building is shown on page 65. It is designed to accommodate fifty boys, two Masters, and a Housemother. In addition to this we have adequate class rooms, library, and play rooms all under the same roof.

HOUSEMOTHER

Parents need not suffer any uneasiness in sending their young sons to us. In addition to the competent Masters, who direct these boys, there is a kind-hearted and sympathetic Housemother. Her duty is to make life pleasant and home-like for them. She also cares for their clothing and mending, and is in a definite way a mother to the boys.

SUPERVISION

While the boys who enter our Junior Department will have more detail supervision, the rules and regulations governing the older cadets will in the main prevail in regard to them. Although the Junior Department is distinctly separate, so far as the class rooms and dormitories are concerned, this department is directed and supervised by the same management under which the High School operates.

Military

SECOND LIEUTENANT GORDON L. JUDD
317 Infantry, United States Army
COMMANDANT
PROFESSOR OF MILITARY SCIENCE AND TACTICS

Military Department

Introduction

During the period of the World War, in order to coöperate in every possible way with the Government, and upon the request of many loyal supporters and patrons of Hargrave Military Academy, the authorities introduced Military Training. This additional feature has proved so beneficial that the Trustees have decided to continue it permanently as an integral part of the cadet's education.

Rifles, ammunition, and all necessary military equipment are furnished by the Government, which also details an officer of the Regular Army as Professor of Military Science and Tactics.

It was realized, after the emergency ended, that the school could render further and even greater patriotic service to the country in times of peace by continuing this work; for in so doing our young men are thoroughly trained in the duties of an Infantry Officer in the prescribed four-year military course here, and would be available for service as commissioned officers in the event of another war.

Since our national laws require that every male citizen above the age of eighteen years must serve in the army or navy in time of war, this training of the boy is regarded as imperative. It simply means that should he be called for military service at any time during his life he will be able to secure a commission; where otherwise he might be forced to serve as a private in the ranks.

The cadet moreover derives benefits from this training which are of incalculable value to him in after life, whether or not he is ever required to serve in the army.

Purpose

The aim of the Hargrave Military Academy has always been to provide a homelike school for those boys who are intrusted to its care for instruction. Other schools have sought to emphasize Military Training at the expense of homelike influence. The Hargrave Military Academy seeks to combine these two desirable features.

The military training imparted here is of the very highest order and includes the most advanced and modern methods. The splendid record of the Hargrave Military Academy Cadet Corps is a matter of deep pride to all loyal supporters of the school. We strive at all times for perfection in the execution of all military duties, but our main endeavors in applying our system of military training to growing boys is to develop in them, at their most impressionable age, habits of punctuality, obedience, orderliness, respect for constituted authority, reverence for our National institutions, a sense of personal responsibility and self-reliance, and to build up strong, graceful bodies, alert minds, an erect carriage and manly bearing.

This is accomplished without in any way interfering with the parental, homelike relations of the student body and the school authorities. A member of the faculty lives in each dormitory, and is always available to be consulted by the students on any personal matters and to supervise his moral welfare.

It must be emphasized that there is nothing in this military training which seeks to build up a militaristic spirit in the boy.

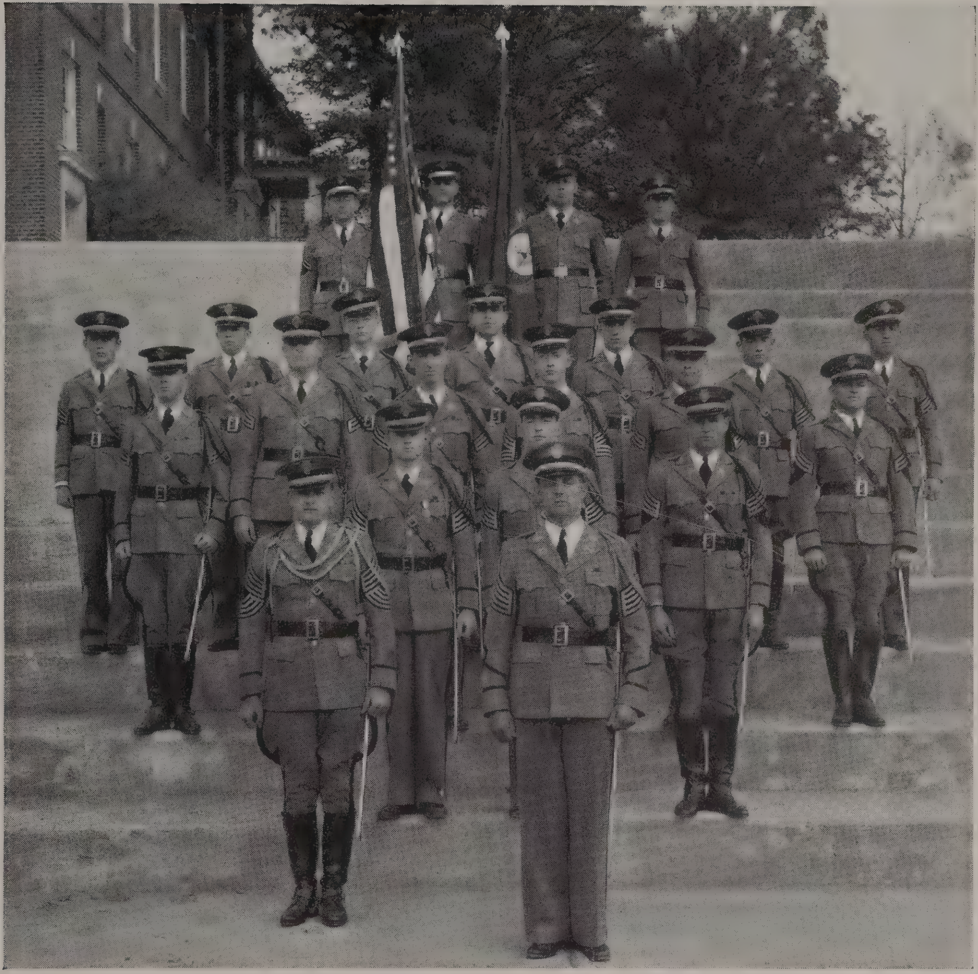
HARGRAVE CADET CORPS—BATTALION PARADE



COMMISSIONED OFFICERS

The Cadet Code of Honor

"A cadet of Hargrave Military Academy is a true gentleman. He stands for the highest ideals of life. He loves peace and deplores war, but is always ready to defend his country in its hour of need. He respects authority. He obeys the law. He cultivates filial love, and strives earnestly to be a credit to his father and mother. He honors the Supreme Being in thought, word, and deed."

Inspection

333.1—ROTC (3-30-37)
100 (80)

March 30, 1937.

Subject: Report of Inspection.

Through: The President, Hargrave Military Academy, Chatham, Virginia.

To: Professor of Military Science and Tactics, Hargrave Military Academy.

The following extracts from the report of inspection made at Hargrave Military Academy by the Assistant to Officer in Charge of Civilian Component Affairs, this headquarters, on February 16, 1937, are furnished for your information and guidance:

"Inspected buildings, store rooms, mess halls and indoor target range. All satisfactory.

The battalion was paraded and drilled in close and extended order. Parade and drills uniformly excellent.

The P. M. S. & T. Second Lieutenant Gordon L. Judd, Inf.-Res., is an energetic and proficient officer and is performing his duties in a superior manner.

The school authorities are giving very satisfactory support to the military features."

By command of Major General Bowley:

F. C. Kellond,
Colonel, Infantry,
Acting Assistant Adjutant General.

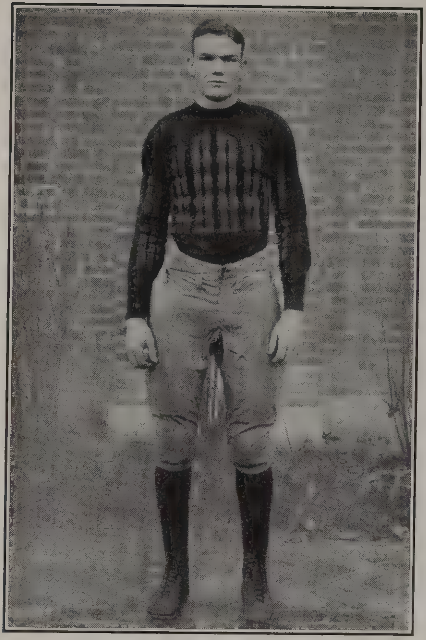
Physical Training

Athletics



COACH TAYLOR SANFORD
ATHLETIC DIRECTOR

The school believes in Athletics. We insist that some form of exercise is necessary to the good health of body and mind. The school provides an instructor in Athletics. At great expense the Board of Trustees has recently built and equipped one of the most adequate and up-to-date gymnasiums, also a modern Athletic Park for baseball, football and all track events. Tennis Courts have been provided. All of these playgrounds are within one hundred yards of the main building. The Athletic Association has full charge of all Athletics. The Athletic fee, which is included in the regular charges, entitles every student to a share in all Athletic contests and free admission to all games played on the home grounds.

Our teams rank high among those of the Preparatory Schools of Virginia, yet our primary purpose is not to put out winning teams. It is our desire that every pupil have the physical development which comes from the proper outdoor exercise and the loyal school spirit which always accompanies the right kind of athletics.

Other schools may have different standards, but here no one is allowed to represent the school on any athletic team except regular bona fide students. Our policy is to win athletic honors and not to buy them. We believe that the boy who pays his hard-earned money to a school is justly entitled to the honor and benefit arising from belonging to a school team. Boys who come to Hargrave will not have to compete with professional or semi-professional athletes for positions on our team.

Intramural Athletics

While this institution has always been keenly proud of her Varsity teams in each sport, the Athletic Committee, as well as the Coach, has continually emphasized intramural athletics. We believe in athletics for the entire group.

Not only do these intramural games create interest and stimulate morale in the Cadet Corps, but they also develop material for the Varsity teams. During the present session, eleven basketball teams, consisting of more than eighty boys, competed in a tournament. This policy of intramural athletics is followed in each of the other sports.

VARSITY CLUB OF '37

Football

Although each branch of athletics has its distinctive group of ardent supporters and participants, it is generally conceded that football is the most popular sport fostered by Preparatory Schools.

At the beginning of the new term, as soon as a cadet registers and his course of study has been arranged, the call for football practice is heralded through the corriders. The coach issues the summons and the squad reports for duty. Each veteran, admiring his former leader and coach, dons his football togs and answers the summons. Usually this veteran brings with him two or three stalwart youths, who have indicated their interest in learning the game and in making an honest effort to prepare themselves to fill the ranks left vacant by the gridiron graduates, who have entered colleges and universities.

In addition to the Varsity, there is always present that group of "scrubs" who are anxious and ready to learn the rudiments of the game and furnish recruits and substitutes. They also offer competition and cooperation, which is ever necessary in the development of a worthwhile team on any school campus. During the past eight years, Coach Sanford, with such recruits, has been able to develop teams that have won distinction in athletic competition with outstanding preparatory schools in Virginia and neighboring states.

In a cadet corps of 200 students, there is always a large group of lads whose physical qualifications are such that to become contestants for berths on either the varsity or "scrub" squads would be ill advised; yet they are interested in learning the game. In our opinion, these young men need and deserve the training equally as much as the more promising athletes. It is the policy of Hargrave to provide for such students opportunities commensurate with their physical prowess. Match games with teams of similar weight and training are arranged. Sometimes these are designated as light-weight teams, but frequently as "Intramural."

Football should be taught not only for a winning varsity team, but for the group.

Activities

General Information

Religious Advantages

The Academy is pre-eminently Christian. Students are taught that the true aim of each one should be to become a Christian. The Academy is opened every morning with devotional exercises.

While the Academy is denominational, it is not sectarian. Each student is allowed to attend the church of his parent's choice. He must, however, attend church services. There are five Protestant churches in Chatham. The nearest Catholic church or Synagogue is located in Danville, Virginia, a distance of twenty miles. Cadets who are affiliated with either of these faiths may attend morning service in Danville. The cost of transportation will be fifty cents per student for each trip.

Ministerial Students

The Academy is glad to have young men who expect to become ministers of the Gospel. Such students are given their tuition and charged for board. We have been fortunate in having quite a number of ministerial students in the past.

These boys will bring with them an endorsement from the church of which they are members and must satisfy the President that they are in earnest as to the choice of their life's work.

No ministerial student will be permitted to do pastoral or supply work except in his senior year. The rate for ministerial students this session will be $350.00. Sons of ministers are granted scholarships of $100.00.

Cadet Publications

The Musketeer, a monthly paper, the news medium of the corps, is published by the cadets. Under the direct supervision of a faculty officer, *The Musketeer* affords students practical training in managerial and journalistic work.

LITERARY SOCIETY

Literary Societies

Each year Hargrave students form a group that meets weekly for practice in debating, declamation, and public reading. Meetings are supervised by a member of the English department who gives instruction in these subjects. At the beginning of the year the society studies parliamentary law, and all meetings are conducted with orderly procedure.

Weekly debates on public questions are a special feature, and lead to the selection of four cadets who represent Hargrave at the yearly State Literary Contest, held at the University of Virginia. Last May, our debating team tied St. Christopher's School and were highly complimented on the excellence of their debating presentation.

Cadets are taught to read and weigh the merits of newspapers and magazines, and how to use them for reference and investigation. Timely current events are reported and discussed by the group at each meeting.

STUDENT SENATE

Social Life and Entertainments

Hargrave Military Academy represents the best homes in every section of the country. Gentlemanly deportment is expected and demanded of every cadet, nor is one allowed to forget his early home-training.

The citizens of Chatham are a democratic, forward-looking, cultured people. In their homes the cadets enjoy a social intercourse which is both cordial and refined.

Each year a number of parties and entertainments are given for the benefit of the cadets. Sometimes Hargrave Military Academy, or one of the school organizations, is host to the cadets and their friends; at others, organizations of Chatham entertain. These social evenings tend to develop in the cadet those qualities which distinguish gentlemen of careful social conduct.

Educational Conference and Lectures

It is not only the purpose of Hargrave Military Academy to instil into its cadets the fundamentals of Christian education, but also to help them decide in what vocation their talents give the best promise of success. A vital question with every young man is, "What shall be my life's work?" This decided, he can specialize in those subjects which will be of most value to him in his chosen field.

In order to be of special service to those cadets who have not solved this problem, Hargrave Military Academy sponsors every year an educational conference, which brings cadets in contact with noted educators from leading universities.

At these conferences inspiring lectures are delivered to public audiences, and private conferences are held for the benefit of the cadets.

From time to time Hargrave Military Academy brings to Chatham leading figures of the different professions. Cadet attendance is usually compulsory. These lectures are not only educational, but they also create in the boy a desire to choose something definite in life and to apply himself toward the attainment of that aim.

Dietetics

The school tables are furnished with an abundance of well-cooked food. The best grade of goods are purchased and used. We do not attempt to furnish the delicacies and nick-nacks that are found in many homes. Dietitians aver that a good wholesome diet, though perhaps not as pleasing to the boy's appetite as the niceties, is far better for the proper development of a growing boy. To observe the development of a lad while a student here is sufficient proof that he receives the proper nourishment. The school farm supplies fresh vegetables and milk.

The faculty, their families, and students are served at the same tables and with the same food. This, in addition to assuring the patrons that their sons are properly fed, helps to develop that intimate relationship between faculty and students, which has ever been the policy of the management of Hargrave Military Academy.

Homesickness

Occasionally students who are away from home for the first time suffer with a malady, commonly known as "Homesickness." This is natural, no matter what provisions are made. Loss of appetite, nervousness and restlessness are symptoms. While under its influence pupils usually truthful write home weird tales of discomfort and hardships unendurable. In the light of more than 20 years' experience, we have no hesitation in saying that a little firmness and refusal to listen to the piteous appeals for permission to come home is the best treatment and speediest cure for the trouble.

Personal Attention

In order to best serve a boy it is necessary to understand thoroughly his nature and his needs. Personal attention is one of the first considerations of Hargrave Military Academy to its cadets.

At Hargrave Military Academy the atmosphere in which the boy lives is the same that the Faculty Officers enjoy. Close association is the result. This cordial relationship establishes a point of contact which encourages each cadet freely to seek the aid and counsel of his instructors. Such a guard over personal development is of greatest value to the growing boy.

Scholarships

A scholarship carrying free tuition is offered to approved students by each of the following institutions.

University of Richmond	Richmond, Va.
University of Virginia	University, Va.
Hampden-Sydney College	Hampden-Sydney, Va.
Washington and Lee University	Lexington, Va.
Duke University	North Carolina
Elon College	North Carolina

The Chatham Baptist Church has a scholarship at Richmond College that is designated to be used by a student of approved standing, to be selected by the faculty.

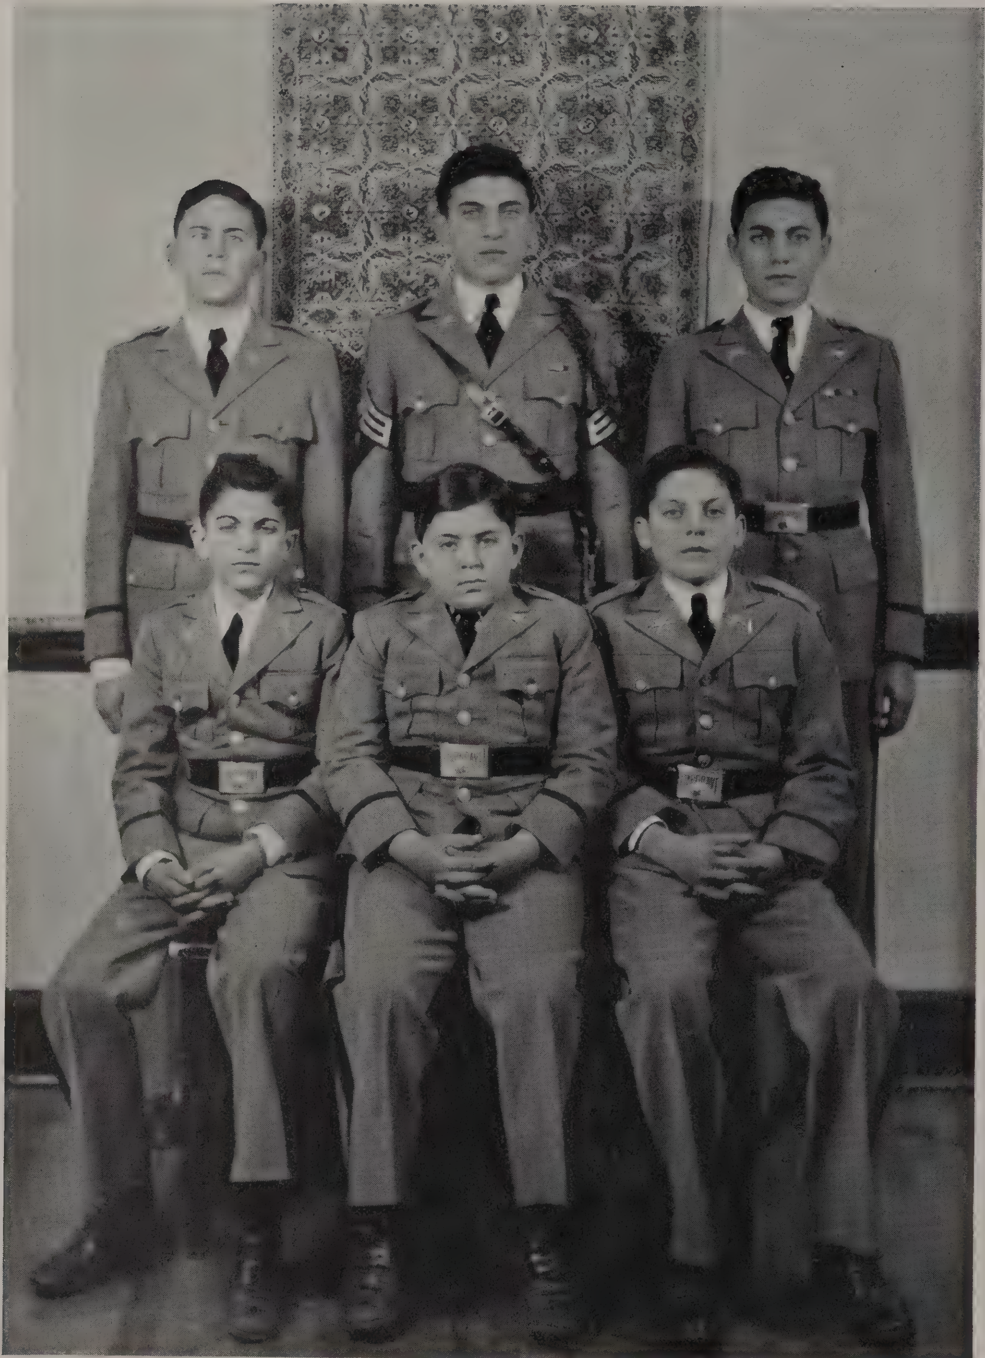
HON. JOHN L. HURT SCHOLARSHIPS

The John L. Hurt bequest established two endowed scholarships valued at $150.00 each. In awarding these, Pittsylvania County boys are given first consideration.

Medals

Scholarship Medal	Given by the President
Improvement Medal	Given by J. Hunt Hargrave
Declaimer's Medal	Given by the Faculty
Spelling Medal	Given by H. M. A.
Athletic Medal	Given by H. M. A.
Debater's Medal	Given by H. M. A.
Writer's Medal	Given by D. A. Jefferson
Best Attitude Medal	Given by Dr. E. S. Lester

No student can compete for either of these medals unless he enters during September and remains to the close of the session, and no medal is awarded to the same pupil twice.



TALAMAS BROTHERS

HAITI

Rules and Regulations

Two days in the week students will be allowed to spend a part of the recreation period down town.

Students are under the authority of the school from the beginning to the close of the session.

Prompt observance of the order of the day will be strictly required.

Students are forbidden to borrow or lend any money, wearing apparel, etc.

Students will not be allowed to engage in any games during school or study hours.

No student will be allowed to contract debts at the stores or elsewhere without written consent of parent or guardian, and upon approval of the President.

No student permanently leaving the school, without written consent of parents or guardian, will be given an honorable dismissal.

Hazing in any form is positively forbidden.

No fire arms or fire works will be allowed in or about the building at any time.

Students are forbidden to bring their automobiles to the school for pleasure usage.

No canned heat or cooking devices are to be used in dormitories.

Students are required to care for their own rooms, keeping them in good order at all times.

Rooms must be put in order before inspection at 7:15 a. m.

All students are required to keep themselves neatly dressed and to conduct themselves in a gentlemanly manner at all times.

During all recesses and holidays the general rules of the school will remain in force, except upon announcement of the President.

No tacks or paste shall be used on the walls for the purpose of making picture galleries.

The Faculty reserves the right to make and change rules and regulations at their discretion.

Before matriculating, each student will be required to subscribe to the above rules of government, pledging their honor to cheerful obedience. The rules and regulations will be posted in each room, and in other places about the building.

The reading or possession of improper literature is forbidden.

Beating rides to Danville and other nearby towns is forbidden with penalty.

Financial Matters

Superior Advantages at Moderate Cost

The chief matters of consideration which generally enter into the selection of a school are the location, material equipment, faculty, the ideals, and the cost. In former paragraphs we have endeavored to present our numerous advantages. The cost is as small as consistent with first class advantages. A thorough investigation will convince that Hargrave Military Academy offers as much of real merit as any school of similar grade in the State, and at much less cost than most other schools.

Its moderate charges, however, do not imply that it belongs to a class of cheap schools which have meager equipment, employ few and inefficient teachers, attempt little or no individual instruction, and furnish only a boarding house instead of the environment of a cultured home. It would naturally be expected that the cost would be high for such unusual advantages as are offered here. Frequently, we are confronted with the question "How is it done?" Here is the answer: The school is conducted for educational purposes and not for money making; its building and equipment have been furnished by loyal friends and the Baptist denomination. There are no rents, taxes, dividends or charges for interest on money invested in the Plant. Therefore, it is easy for the same advantages to be given for much less cost.

These terms are far below those of other first grade schools, and there must be prompt payment of all bills. Thus the interest of the school and the patrons will be advanced.

Expense and Payments

Academic charges for entire session of 36 weeks	$590.00
(This includes the following items: Tuition, board, room, heat, light, laundry, cleaning and pressing, Library fee, Gymnasium, all athletic privileges, firearms, target materials, typewriter, ordinary medical attention.)	
Payable as follows:	
Reservation fee	10.00
Payable on entrance	220.00
Payable January 1st	190.00
Payable March 1st	170.00
Total	$590.00

DAY PUPILS

Tuition	$100.00

Miscellaneous

Certain "extras" are not common to all pupils and therefore, are not included in the regular charges shown above. A table of these charges is given below.

Room with Lavatory (each occupant)	$15.00
Private lessons in Piano and use of Piano	60.00
Private lessons in Stringed, Winged and Reed Instruments	60.00
Laboratory Fee (Scientific Courses)	5.00
Diploma (Graduates)	5.00

Illness

Our medical and nurse's fee is included in the Academic budget and covers all charges for physician and nurse for a school year except in case of protracted illness, for chronic diseases or for diseases contracted away from Hargrave Military Academy. In such cases or when a special nurse or special medical or surgical attention is needed, a bill will be rendered direct to the parents.

Books

The textbooks used are sold in our book store, as well as stationery, etc. These may either be paid for by the cadet, or charged to his account and a monthly statement rendered.

Laundry

Since the cost of laundry is included in the financial budget, it is wise to enumerate what will be considered as one week's laundry. It is as follows: 2 sheets, 1 pillowcase, 4 shirts, 1 suit of pajamas, 2 suits of underwear, 4 pairs of socks, 4 towels, and 6 handkerchiefs. Excess will be charged to the cadet.

Damage and Breakage

Each cadet will be held responsible for damage to his own room and to the school property.

Pocket Money

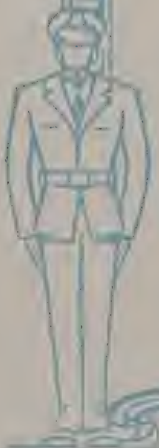
We do not encourage boys to be spendthrifts, therefore, parents are urged to co-operate with us by allowing their sons a limited amount each week. Fifty cents to one dollar per week is ample. Many do not have as much as fifty cents per week. Spending money may be deposited with the President and will be given to the boy as directed by the parent.

Christmas Vacation

Sometimes students from a distance desire to spend their Christmas vacation in Chatham. Adequate arrangements can be made, with the School authorities for their comfort and pleasure under the supervision of Faculty Officers at a cost of $20.00 for the vacation period.

Uniform Expense

The uniform worn by Hargrave Military Academy cadets is made of the finest "Charlottesville Cloth" from the Charlottesville Woolen Mills and should not be confused with the cheaper cadet greys. The coat is of Semi-English style. The trousers are made from extra heavy material. The entire uniform is so constructed as to endure hard service and still maintain a dressy appearance.



Some patrons make the error of including the price of uniforms when counting the cost of sending their sons away to school. This is a mistake; the cost of uniform should not be added to school expense any more than the cost of clothes during the summer. Furthermore, in figuring the cost of uniform it should be borne in mind that much of the uniform lasts through a number of years. Conservative patrons testify to the economy of the uniform.

The uniform includes the following articles:

REQUIRED

(Must be purchased through the Academy)

Blouse	$20.00
2 Pair Trousers	24.00
4 Grey (Burton Irish Poplin) Shirts	7.00
1 Dress Hat	3.50
2 Belts	3.00
2 Ties	1.00
Cross Guns and Insignia	1.50
Overseas Cap	1.50
1 Cadet Grey Sweater (slipover v-neck)	5.00
1 Raincoat (dark blue)	5.00
2 Pair White Ducks	5.00
2 Pair White Gloves	1.00
1 Army Blanket	3.00

(May be brought from home)

1 Blanket	3.00
1 Pair Black Shoes	6.00
4 White Shirts ($1.50 each)	6.00

OPTIONAL

(If desired must be purchased through the Academy)

Overcoat (undergraduates)	$40.00
Cape (graduates and seniors)	35.00

The uniform is strictly cash.

Cash payments by patrons enable School authorities to procure goods at reduced cost.

We have given the maximum cost for a cadet's equipment. If one desires he may lessen the cost in either or in both of the following ways: FIRST, the blankets, shoes and white shirts may be purchased at home. If so, they would be deducted from the total cost given above. SECOND, if a cadet desires he can purchase secondhand overcoat, cape, blouse or trousers at less than one-half the cost of a new garment.

Junior School

Academic charges for entire session of 36 weeks	$490.00

(Boys twelve years and under who are in grades.)

(This includes the following items: Tuition, board, room, heat, light laundry, cleaning and pressing, Library fee, Gymnasium, all athletic privileges, ordinary medical attention.)

Payable as follows:

Reservation fee	10.00
Payable on entrance	190.00
Payable January 1st	155.00
Payable March 1st	135.00

REQUIRED UNIFORM

(Must be purchased through the Academy)

Blouse	$18.00
2 Pair Trousers	20.00
4 Grey Shirts	7.00
1 Dress Hat	3.50
2 Belts	3.00
2 Ties	1.00
Cross Guns and Insignia	1.50
Overseas Cap	1.50
1 Cadet Grey Sweater (slipover v-neck)	5.00
1 Raincoat (dark blue)	5.00
2 Pair White Ducks	5.00
2 Pair White Gloves	1.00
1 Army Blanket	3.00

(May be brought from home)

1 Blanket	3.00
1 Pair Black Shoes	6.00
4 White Shirts ($1.50 each)	6.00

OPTIONAL

Overcoat	40.00

Do not send checks by Cadets, as they often carry these in their pockets until a statement is sent to patron. This is embarrassing both to the management and to the patron. Send checks by mail to Hargrave Military Academy, Chatham, Va.

No authorative statement of units of credits will be granted a student until his accounts have been satisfactorily settled.

The management reserves the right to withhold the diploma from any graduating student until his accounts have been settled in full.

The Academy will not be responsible for any property left here by a departing student.

Withdrawals

Students are not accepted for a shorter time than one annual session, or from the time they enter until the close of that school year. Contracts are for the session. Should a student desert, or be dismissed, or withdraw for any reason, except in the case of illness, no rebate will be due on money already paid, but, on the other hand, any unpaid balance of the regular fixed charges will immediately become due and payable. We consider this fair for two reasons: First, because our number of rooms for cadets is limited; second, because a cadet who deserts or acts so as to cause himself to be dismissed damages the school more than the amount of charges payable.

The only exception to the above is in a case of protracted illness. When the school physician certifies that a cadet should not continue in school, a refund of the fixed charges will be prorated from the time of the withdrawal until the close of the session.

If it becomes necessary to dismiss a foreign student from the Academy, he will be turned over to the nearest consular representative of his country, and the expenses incurred in doing so will be charged to the boy's account.

Testimonials and References

I am thrilled with the progress my son is making with you. His work, in studies and military rank, comes to me a "Christmas gift" in happiness. I shall long cherish the cooperation of H. M. A. in making William the man I am wishing him to be.

MRS. ELLEN SNEDDEN,
Eagle Rock, Va.

We have been very well satisfied with the progress both boys have made and have not regretted our decision to take them out of the local high school, or our choice of a school.

MRS. J. M. BLOXOM,
Mappsville, Va.

Mr. Davis and I are well pleased with the progress that Walter has made since being at Hargrave. We are deeply indebted to you and your faculty.

MRS. OSCAR DAVIS,
Elizabeth City, N. C.

Each time I visit him I am more fully convinced that I sent him to the right place and the best school. You are certainly living up to your motto: "Making Men."

MRS. ALMA BLACKBURN,
Winston-Salem, N. C.

I am sure my son's success is due to Hargrave, and I deeply appreciate your interest in him.

MRS. BARNEY PARKER,
Ludowici, Ga.

Everyone who saw Irving this summer remarked how different he was, and all for the best. Thanks to Hargrave and the Faculty.

MRS. I. F. GRAM,
Huntington, W. Va.

I'm pleased to note that Dick is improving in his school work. He is very enthusiastic about the school, and I, too, feel that I've made a very wise selection.

MRS. CLYDIA MAE RICHARDSON,
Washington, D. C.

I have been so well pleased with Nevin's behavior and his work since he has been with you, and feel that I owe it all to Hargrave and its faculty.

MRS. MARY L. K. ACTON,
Atlantic City, N. J.
